

# Put the poster title here.

You may also include a subtitle (not recommended in ELIXIR template)

Put the long abstract here; template recommends that it spans 2-3 lines of the whole poster text width. Slightly different designs are possible (e.g. set the span of this box to 1, and continue the right column below 'headerbg').

## Box in the left part of the poster

Stuff from the left goes here.  
Maybe also pictures.

## Another box, now more on the right

Stuff from the right goes here.  
Maybe more pictures.
