ABSTRACT

The abstract of the study goes here. A good abstract shortly summarizes the paper by covering: (i) a presentation of the topic covered, (ii) the research followed, (iii) the main findings of the study, and (iv) the outcome of the investigation

KEYWORDS

Position Paper, [Other keywords identifying your study separated by comma](#)

1 INTRODUCTION

Present the chosen topic, including background information for the target audience, and your thesis statement.

2 BODY-TITLE

In this section, you should present the counter-arguments on which you base your thesis statement, followed by your opinion, both based on clear arguments, and evidence provided by reliable sources. This section can be split up in subsections/paragraphs according to the above.

3 CONCLUSION

Conclusion of your paper, including (i) your thesis statement, (ii) short summary of key points of your arguments and counter-arguments, and (iii) potential (future) solutions.
